

List of initiatives – Carbon Care™ Carbon-Neutral Certification

- Encourage every participant to carpool or use public transit (buses) rather than individual car to get to the College.
 - All participants were lodged on site.
 - Accompanying adults not lodged on site were given a free pass for the *Société de Transport de Montréal* services.
 - Local food was favored in all meals.
 - Reusable dishes were used in priority and recyclable and compostable dishes were also used when necessary in order to reduce waste sent to landfills.
 - Distribution of a reusable water bottle to each participant.
 - All quantified GHG emissions for the event was compensated by the purchase of certified Gold Standard carbon credits.
